who has furnished reliable information in the past, made available an SDS circular which was distributed in Detroit advertising a demonstration at 1:00 PM, on September 27, 1969, at the Detroit Public Library, Woodward and Kirby, Detroit, Michigan. This circular also contained the statement "Bring the War Home! Chicago October 8-11". A copy of this circular is attached.

[fredacted] advised that approximately 75 persons participated in the demonstration at the Detroit Public Library. One of the speakers stated that "we" will be in Chicago on October 8 to further our protests. This source stated that following the speeches, the participants began to march North on Woodward Avenue. At this point a Detroit Police Officer moved in to arrest one of the participants who was carrying a red flag. As a result of this action, nine were arrested on charges ranging from felonious assault of a police officer to arson. Several police officers sustained injuries, including one who received a broken wrist. This source stated that Diana Oughton was observed at this demonstration but she was not involved in any direct action against the police.

STUDENTS FOR A DEMOCRATIC SOCIETY (SDS)

A source has advised that the Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. From an initial ideological posture of "participatory democracy," the current line of the national leadership reveals an adherence to Marxism-Leninism. Michael Klonsky, National Secretary, in March, 1969, called for the building of a revolutionary Marxist-Leninist movement. The program of SDS has moved from involvement in civil rights struggles to an anti-Vietnam war position and finally to its present advocacy of an anti-imperialist line, linking up the oppressed peoples of Asia, Africa and Latin America with the black liberation movement in the United States. China, Vietnam and Cuba are regarded as countries which are leading the world-wide struggles against United States imperialism. On the other hand, SDS regards the Soviet Union as an imperialist power and does not support the policies of that country.

SDS maintains a National Office in Room 206, 1608 West Madison Street, Chicago, Illinois. Its official paper "New Left Notes" reflects the line of the national leadership and program adopted at meetings of the National Council and National Interim Committee (NIC). Three national officers and a NIC of eleven members are elected each year during a June National Convention.

SDS Regional Offices and university and college chapters elect delegates to National Council meetings wherein program and ideology are debated, but each Region and chapter is autonomous in nature and is free to carry out independent policy and programs reflective of local conditions.

BRING THE WAR HOME!

CHICAGO

OCTOBER 8-11

do: call 833-4323
The war in Vietnam is still going on. Most people don't dig it. Nixon, Rockefeller, Ford and all the American big business rulers do dig it—and use us for cannon fodder. Why? Because they make money off war, and because they have an economic world empire to protect. But the Vietnamese people are fighting back and winning! All over the world, poor people are organizing armed struggle against U.S. control. Within this country, the gap between the rich and poor is growing faster than the moon program—with the black community getting the worst every way. Black people are getting together and fighting the man—remember the riots, remember New Bethel. We got to get together too. We don't dig America having a world empire. We don't dig these jails they call schools. We don't dig the pigs who put the Black and young people down...

The millionaire ruling class needs passive white people to help them maintain the system. So they give us a few privileges—fancy more dollars on the job, a house in white suburbs. But as the American empire is being torn up by revolutions all around the world, it's us, not the rich, who pay the price. We will win our freedom through revolution too! We must fight alongside our Vietnamese and Black brothers to build a new, better society for everybody.

If young people from all the schools and neighborhoods ask together and fight, we can build a real power to bring about the changes we need. Like enough thousands of kids tearing up all over the country could force the government out of Vietnam. We must attack the war machine in every city. New expansion planned by Wayne State University and the City of Detroit, which is throwing Black people out of their homes to build new war research buildings, is such a part of the war machine. This is an issue of how the war in Vietnam is fought from Detroit, and a chance to bring the war home to Detroit and help the Vietnamese win.

This is not an issue about university reform or for college students. Universities are a part of the power structure. Wayne State—with its war research and racist expansion—is the enemy of everyone, not just the students there. It can and should be shut down by all young people in Detroit who are willing to act. We must use this demonstration in Detroit, and the National Action in Chicago, October 9-11, to build ourselves into a fighting force of thousands of young people, fighting on the side of the people's liberation struggles throughout the world.

Its official paper "New Left Notes" reflects the line of the national leadership and program adopted at meetings of the National Council and National Interim Committee (NIC). Three national officers and a NIC of eleven members are elected each year during a June National Convention.

SDS Regional Offices and university and college chapters elect delegates to National Council meetings wherein program and ideology are debated, but each Region and chapter is autonomous in nature and is free to carry out independent policy and programs reflective of local conditions.
